

**Remove 3 parts**

C22  
R151  
R152  
R150  
R149

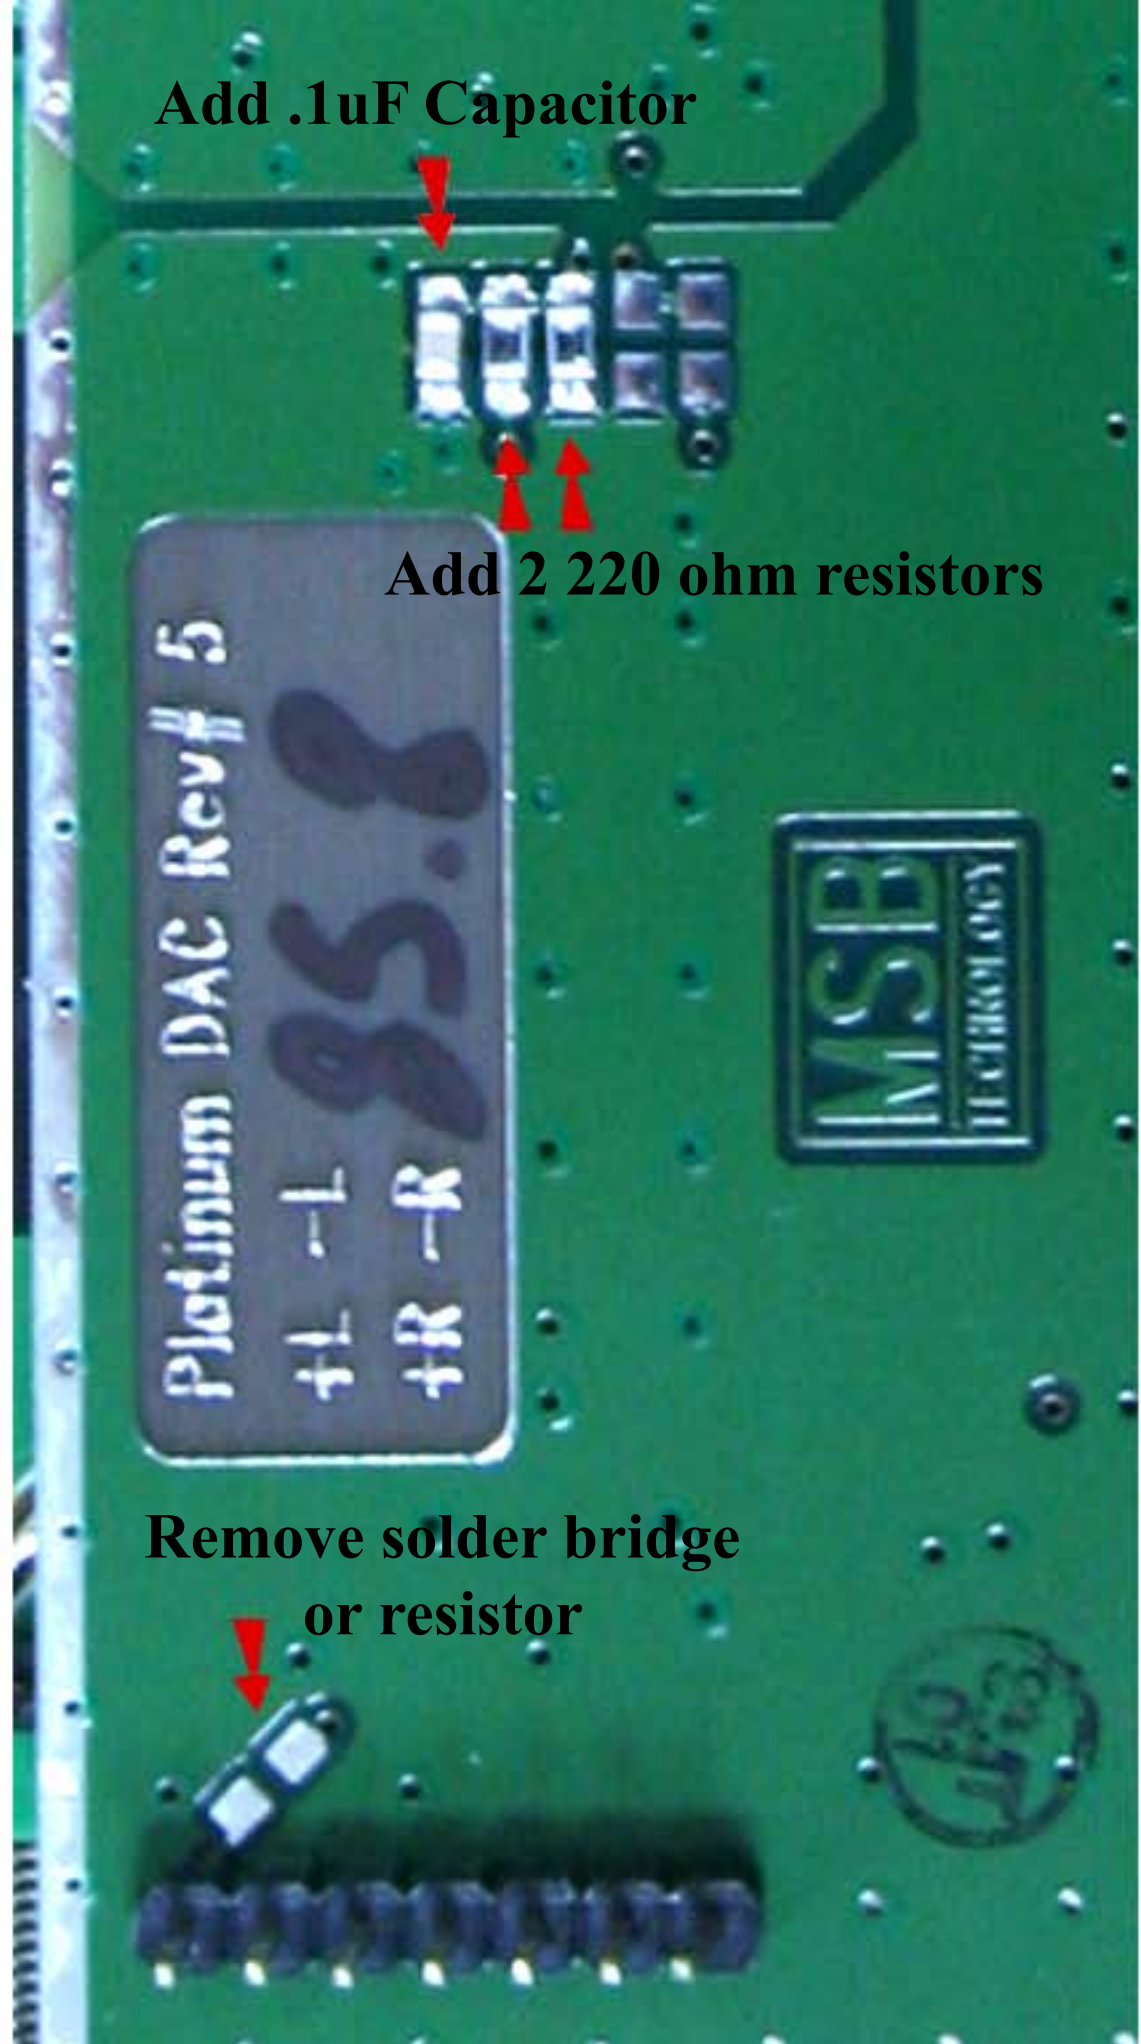

**Solder bridge**

R153

**Standard configuration of  
2nd Generation DAC for  
DAC III or CD III**

**Follow these steps to convert  
from DAC II to DAC III**

**Add .1uF Capacitor**

R151  
R152  
R150  
R149

**Add 2 220 ohm resistors**

**Remove solder bridge  
or resistor**

R153

**Conversion of 2nd Generation DAC  
from normal DAC III use to work  
with DAC II or older Platinum  
DAC**

# **2nd Generation DAC MODULE conversions**
